

### Dr. James Bond

KC CARE Clinic is grateful to have the chiropractic services of Dr. Bond, James Bond, since November of 2009. His home is in Ottawa, but he always has time for KC CARE patients. His path to becoming a chiropractor is an amazing one. He put himself through college by working in an oil field and hurt his back. The doctor gave him muscle relaxers which didn't help his injury, so a school nurse suggested a chiropractor. James was skeptical, but found that the chiropractor not only treated his back, but improved his breathing as well. He decided to volunteer at the chiropractor's office, which led to him pursuing the career. He received criticism for his choice, as it wasn't a respectable field at the time. James stuck with it, thankfully, and has treated patients in various communities over the years.

Dr. Bond is an encyclopedia of healthcare information, but he is still learning. He will never forget the transgender patient who taught him his bias against her lifestyle was unfounded. This patient changed his perspective and he says he is all the better for it. In the future of healthcare, he hopes to see a world well-fed and provided with clean water. He wants to see the gap bridged between the "haves and have nots". He also believes the future of healthcare lies in an ability to manipulate energy placement. Outside of KC CARE, Dr. Bond volunteers at a community garden in Ottawa and tends to his own organic garden. Why does he volunteer? "That which you do unto the least of these, you do unto me".

**Inclement Weather Closes the Clinic**

Kansas City CARE Clinic has only closed several times in the last twenty years due to inclement weather. The snow storm on February 4<sup>th</sup> and 5<sup>th</sup> caused the clinic to be closed. When in doubt about whether the clinic is open or closed in bad weather, volunteers are advised to check the following sources for the answer: clinic website; Facebook account; all four local news stations; and key radio stations -- 980 KMBZ (am), 93.3 (fm), 95.7 (fm), 94.1 (fm), and 101.1 (fm). Staff will also put a message on the Clinic’s main phone line, 816-753-5144.

**Service Anniversaries Cont.  
2 Years**

Joe Albano, Patient Assistant  
 Diane Atchinson, RN  
 Karen Buri, RN
